<b>Tools &amp; Technologies:</b>	Git, IBM Cloud, Google Cloud, AWS
<b>App Development:</b>	Android, Windows, Firefox OS Add-ons
<b>Other Skills:</b>	Data Structures, UI/UX Design, Problem Solving, Team Collaboration

## TECHNICAL EXPERIENCE

### Full Stack Developer Intern (Django)

July 2024 – August 2024

Techvolt Software Pvt Ltd, Coimbatore

- Developed user-friendly web applications using Django, HTML, CSS, and JavaScript, improving user engagement.
- Worked with teams to enhance backend performance, making applications faster and more efficient.

### NSS Volunteer

July 2022 – Present

NIST University

- Led community service projects, organizing events that engaged participants and supported local needs.

## EDUCATION

### NIST UNIVERSITY

Bachelor of Technology (B.Tech) in Information Technology  
CGPA: 7.5

(2021 – Present)

### City High School, Berhampur

Intermediate (+2), (MPC Group)  
Percentage: 66.4%

(2019 – 2021)

### SRI KARUNAKAR NODAL BIDYAPITHA, Patrapur

Matriculation  
Percentage: 66.4

(2018 – 2019)

## CERTIFICATIONS & COURSES

**React.js Development:** Completed a course on building user-friendly websites and applications using React.js.

**Full Stack Development (Django):** Learned how to create complete web applications using Django and manage databases.

**Data Structures using C:** Gained knowledge of data structures and algorithms with hands-on practice.

**Google Cloud Qwiklabs:** Completed various exercises on Google Cloud services.

**Generative AI Study Jam:** Participated in sessions to learn about AI technologies.

---

## PROJECTS

---

**Wheels on Meals:** Created a food delivery application using React.js and Django, allowing users to track orders and make secure payments.

**Amazon Clone:** Developed an e-commerce website similar to Amazon using React.js, focusing on easy navigation and product search.

**Stock Price Prediction:** Built a model that predicts stock prices using historical data, helping users make better investment choices.

**Django Music Player:** Made a music player app with Django that shows lyrics for songs, allowing users to enjoy music while reading lyrics.

## ACTIVITIES & WORKSHOPS

---

Attended a **React.js workshop** at NIST University to learn more about web development.

Participated in an **IBM workshop** that focused on solving real-world problems in technology.

Completed Google Cloud Qwiklabs and **Generative AI Study Jam**, enhancing skills in cloud computing and AI.

## LANGUAGES

---

**English, Hindi, Odia, Telugu**

## HOBBIES & INTERESTS

---

Enjoy playing sports to stay fit and work with others.

Like watching movies and listening to music for fun and relaxation.

Love traveling to new places to learn about different cultures.

Interested in learning new technologies and programming languages.
